

120 V POWER OUTLETS FOR SLEEPER TRUCKS

IPO SERIES

DC/AC POWER INVERTERS

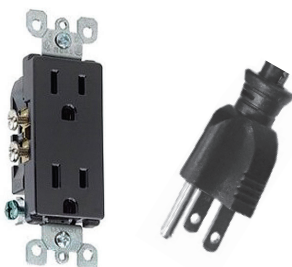

THE INDUSTRY'S FIRST LINE OF UNIVERSAL 120 V POWER OUTLETS FOR SLEEPER CABS

Say goodbye to extension cords and power strips cluttering up sleeper cab space and compromising your drivers' safety. The Tundra In-Cab System of 120 V power outlets eliminates the problem of how to get electric current from power inverters into truck cabs. Made to the highest quality standards, the Tundra IPO series of outlets is the ideal solution for cleaner and safer electrical installations.

KEY BENEFITS

- Comes with standard plugs and sockets
- Tamper-resistant outlets for maximum safety
- Compatible with all inverter brands
- Designed to fit all sleeper sizes
- Made of highly durable materials
- Complete kits available

Standard plugs and sockets

3 CABLE LENGTHS
